# **Community Nutrition Education: Update and Discussion**

**FCS Leaders Meeting, Albuquerque, New Mexico  
28 September 2011**

Helen Chipman, National Program Leader,  
Food and Nutrition Education, NIFA/USDA  
Shirley Hastings, Associate Dean of Extension,  
University of Tennessee

# Acknowledgements

- University Extension Directors/Administrators, FCS Leaders, Program Coordinators
- NIFA/University Committees
- LGU SNAP-Ed Office – Sandra Jensen
- NIFA Program Specialists – Stephanie Blake, Sylvia Montgomery
- NIFA National Program Leaders and Administrators

# Overview

- Framing the Discussion
- Status of National Priorities
  - EFNEP
  - SNAP-Ed
  - Other Extension Nutrition Programs
- Shared Dialogue

# Starting with a Word of THANKS

- EFNEP and SNAP-Ed have undergone and will continue to undergo significant change
- What these programs are doing well
  - EFNEP FGO, NEERS and 5-Year Plan processes
  - Attention to program quality and accountability
  - Regional coordination/projects
  - Regional and national involvement and commitment

# Striking the Balance: Past, Present, Future

- Tremendous legacy
- Exceptional people now to address the challenges and opportunities of our time
- Landscape has changed and continues to change
- Our challenge: ***Understand and be a part of this changing landscape WITHOUT losing our focus and our sense of what we are about***

National Institute of Food and Agriculture

# Expanded Food and Nutrition Education Program (EFNEP)

# EFNEP Overview

- EFNEP Budget 2012 – legislative status
- Program Policy
- Web-Based Reporting System (preview)
- Standing Committee (new)
- 50 Year History (new)

# EFNEP Budget Proposals - 2012

	<b>\$ Million</b>
Full Year 2011 – Continuing Resolution (HR1473) (Comparison)	68,070
Full Year 2011 – Continuing Resolution with .2% Rescission (FINAL) (Comparison)	67,934
FY 2012 President's Budget	68,070
FY 2012 House Action with .78% Rescission	57,548
FY 2012 Senate Committee Action	67,934

# Program Policy

- Implementation
  - NOW
  - Core components have been shared
  - Examples
- Regulations
  - Delayed
- Next Steps
  - Frequently asked questions

# Web Reporting System Project Preview

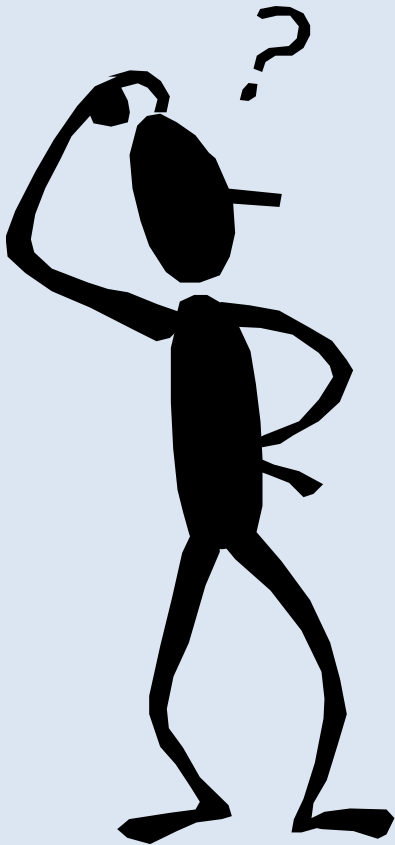

# Overview

- NEERS5
  - Why Upgrade?
- The Web-System Project
  - What are the Benefits?
  - What Data will we Collect?
  - How will Data be Used?
  - What is the Status of the Project?

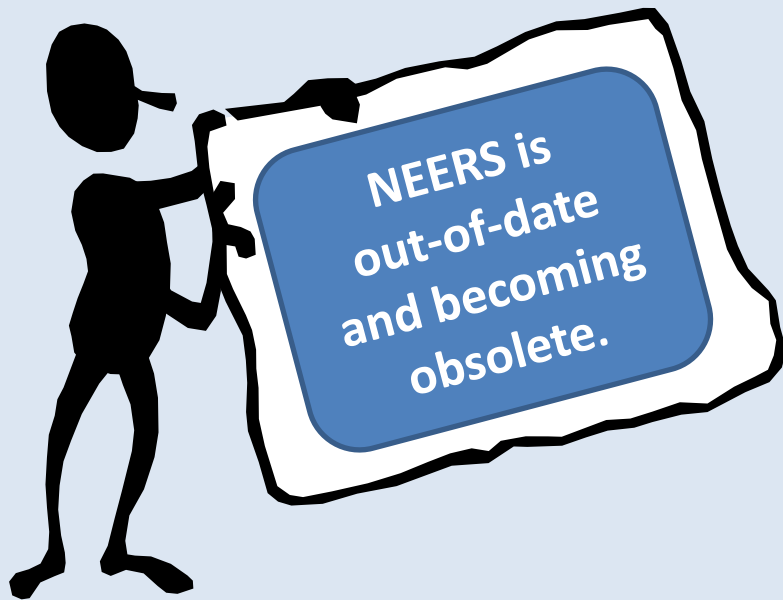

# NEERS5

- **NEERS5** is the Nutrition Education Evaluation and Reporting System.
  - It is an OMB approved data collection system designed to meet evaluation and reporting needs of nutrition education programs
- It is comprised of:
  - **CRS** – County Reporting System
  - **SRS** – State/Territory Reporting System
  - **FRS** – Federal Reporting System

**Why Upgrade?**

# Why Upgrade?

- NEERS is Platform dependent
  - Microsoft Access
  - Windows XP
  - Office 2003-2010
- It cannot be updated
  - Foods Database
  - DRI Tables
  - Poverty Guidelines
  - Question Sets

# Why Upgrade?

- NEERS does not include all EFNEP reporting requirements:
  - 5-Year Plan/Annual Update
  - Budget Sheet
  - Budget Justification
- It is not connected with NIFA reporting systems

# Why Upgrade?

# The Web-System Project

- Request for Applications (RFA) was released
  - 3 year, \$300,000 Cooperative Agreement
  - Instructional Technology and Programmatic Focus
  - Goal to design, develop, test, and implement a web-based information system for EFNEP
- RFA was awarded to Clemson University

# The Web-System Project

- Objectives were to:
  - Support evaluation and reporting requirements
  - Improve functionality
  - Maintain security and ease of use
  - Synchronize with other Agency and University data collections systems

**What are the Benefits  
of a Web-System?**

# What are the Benefits?

	NEERS5	Web-System
<b>Release Date</b>	2006	2012
<b>Specifications</b>	Platform Dependent: <ul style="list-style-type: none"><li>•Microsoft Access</li><li>•Windows XP</li><li>•Office 2003-2010</li></ul>	Platform Independent: <ul style="list-style-type: none"><li>•Web-based</li><li>•All Browsers</li></ul>
<b>Design</b>	Three Discreet Systems	<b>One Dynamic System</b>
<b>Relevance</b>	Out-of-Date, Cannot Update	
<b>Data Collected</b>	Quantitative <ul style="list-style-type: none"><li>•Individual Records</li></ul>	

# What are the Benefits?

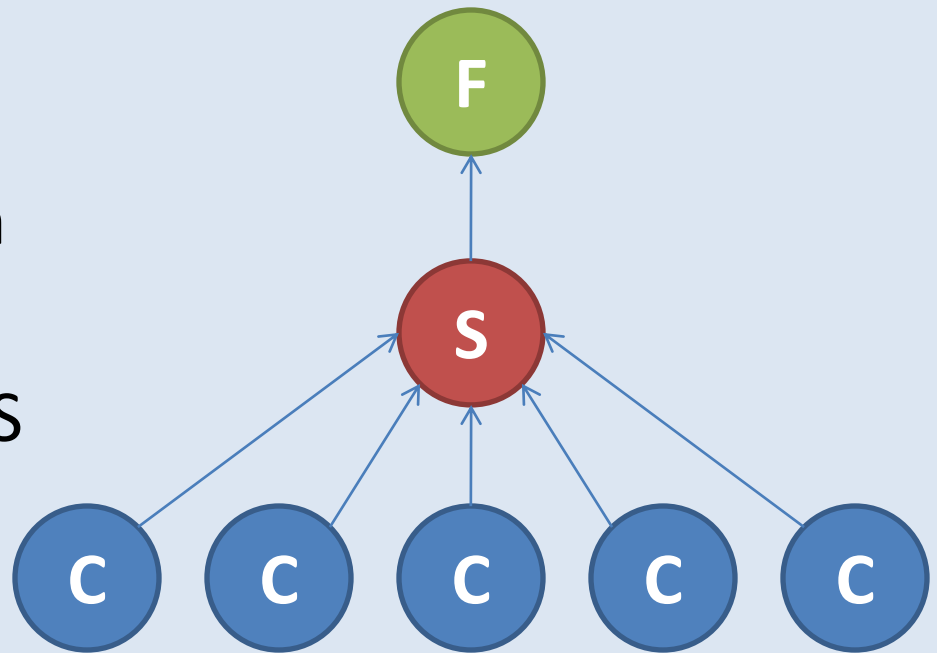

## Rather than...

STEP 1: Each county enters its data into CRS

STEP 2: Each county sends its data to the institution

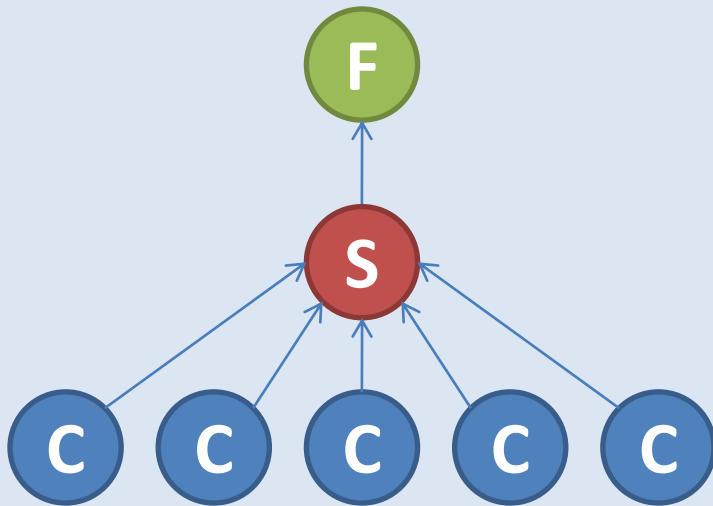

STEP 3: Each institution aggregates its data in SRS

STEP 4: Each institution sends its data to the federal office

# What are the Benefits?

**What Data will  
we Collect?**

# What Data will we Collect?

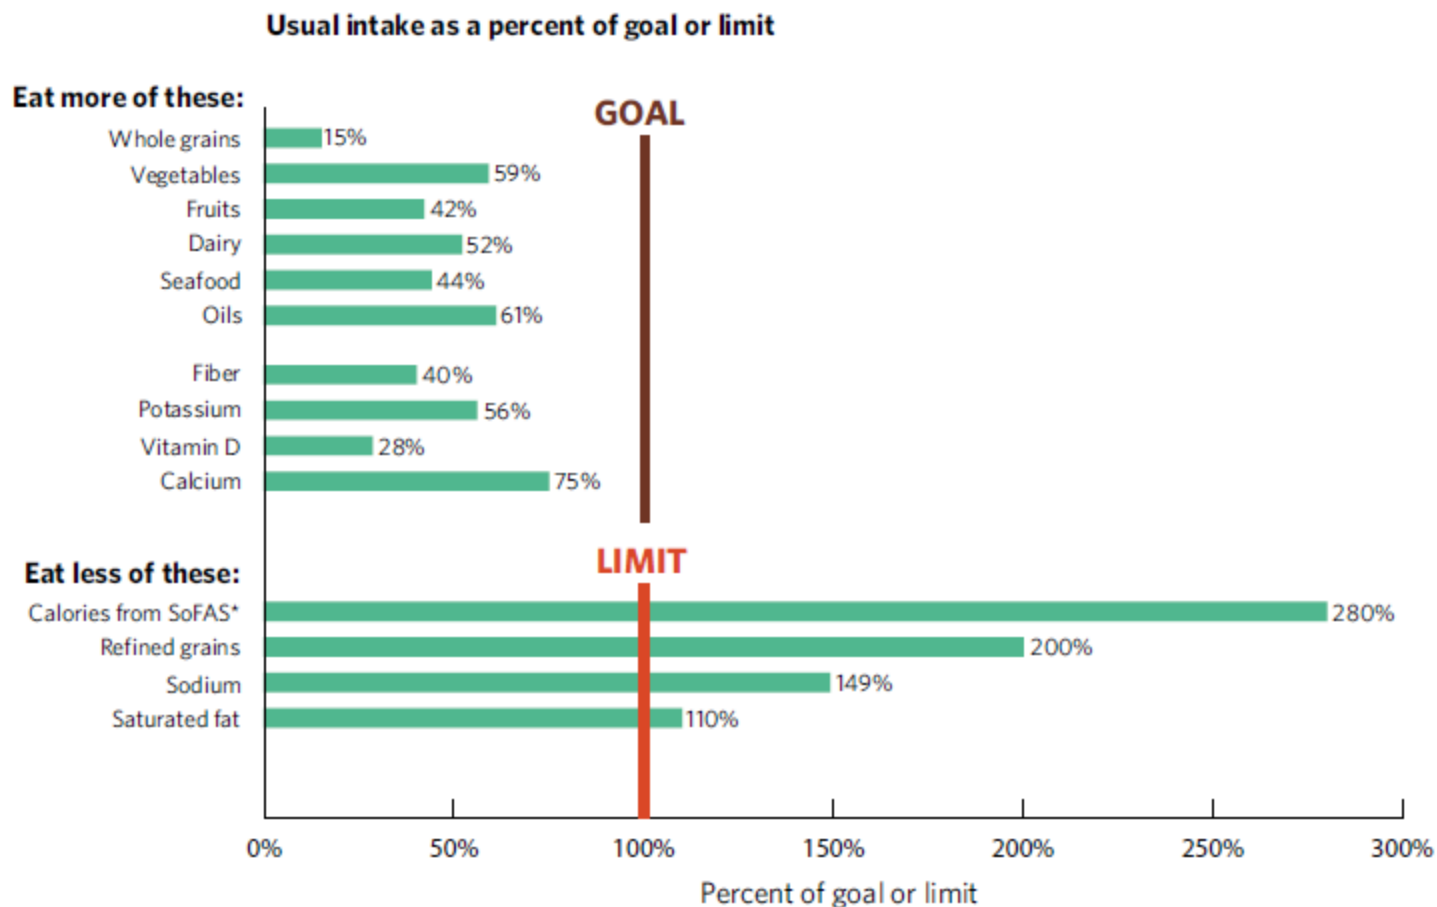

- **Individual Records**

- Adult

- Demographics
    - Behavior Checklist Data (project underway)
    - Diet Recall Data

**FIGURE 5-1. How Do Typical American Diets Compare to Recommended Intake Levels or Limits?**

\*SoFAS = solid fats and added sugars.

Note: Bars show average intakes for all individuals (ages 1 or 2 years or older, depending on the data source) as a percent of the recommended intake level or limit. Recommended intakes for food groups and limits for refined grains and solid fats and added sugars are based on amounts in the USDA 2000-calorie food pattern. Recommended intakes for fiber, potassium, vitamin D, and calcium are based on the highest AI or RDA for ages 14 to 70 years. Limits for sodium are based on the UL and for

saturated fat on 10% of calories. The protein foods group is not shown here because, on average, intake is close to recommended levels.

Based on data from: U.S. Department of Agriculture, Agricultural Research Service and U.S. Department of Health and Human Services, Centers for Disease Control and Prevention. What We Eat in America, NHANES 2001-2004 or 2005-2006.

# What Data will we Collect?

- **Individual Records**
  - Youth Group
    - Demographics
    - Youth Impact (project underway)

# New Section - Youth Evaluation

- Standard question sets to be in new system
  - Capturing individual data in group context
  - Tagged by grade groupings and core areas
  - Not curriculum dependent
  - Not dictating how administered
- Dynamic process

# New Section - Youth Evaluation

- **Conceptual draft**

Grade Levels	Diet Quality (DQ)*	Physical Activity (PA)*	Food Safety (FS)	Food Resource Management (FRM)	Food Security (SEC)
K-2	Specific questions				
3-5					
6-8					
9-12					

Between 10 and 15 questions for each grade grouping

\*Diet Quality and Physical Activity – still to be taught together

# What Data will we Collect?

# What Data will we Collect?

## Program Priorities

### Description *(1000 characters or less)*

Our percentage improvement in one or more Food Resource Management Practices is low compared to the National Average. Our goal is to increase our average percentage of improvement by 2% for each of the next five years. Improvement will be measured using the outcome data in the NEERS5 Behavior Checklist Summary Report. Some specific strategies we intend to implement are: providing training to staff related to effectively teaching participants about Food Resource Management, having open discussions at staff meetings about opportunities and barriers, and hosting brainstorming sessions to come up with creative teaching ideas.

### The Expanded Food and Nutrition Education Program Budget Justification Narrative Guidelines

To provide a brief narrative description of line item totals listed on your Budget Sheet. To provide justification that expenses relate to meeting the goals of EFNEP.

**E: Every year as part of the Formula Grant Opportunity (FGO).** The Budget Justification Narrative should accompany the submission of a signed Budget Sheet. They should be submitted as follows:

- **"Initial" FGO:** Either a Budget Sheet and a Budget Justification as PDF attachments **-OR-** a statement in the Annual Update indicating "there are no significant changes to last year's final Budget Sheet or Budget Justification" is due.
- **"Update" FGO:** A Budget Sheet and a Budget Justification must be submitted as PDF attachments. They should reflect the final institution allocation.

1-2 page maximum

**N: Use the following as organizational headings for your Budget Justification Narrative:**

- (1) **Salaries & Benefits** - Provide a brief narrative description of the number of staff and the breakdown of FTE and of salaries and benefits. This should include professional, paraprofessional, technical and clerical/secretarial staff. Do not include names or other Personally Identifiable Information (PII).
- (2) **Travel** - Provide a brief narrative description of funds used for local and out of state travel. All travel expenses should relate to meeting EFNEP's goals.
- (3) **Equipment** - Provide a brief narrative description of each piece of equipment purchased with EFNEP funds which costs over \$5000. Include justification that equipment purchases were in support of meeting EFNEP's goals. Any piece of equipment costing less than \$5000 should be included under "Other Expenses".
- (4) **Other Expenses** - Provide a brief narrative description of other expenses. Include items such as materials and supplies; publication costs; curricula development expenses; computers, etc. Please also list any funds you intend to carry over to future years as "Carryover" under the "Other Expenses" heading. Include a statement as to why the funds are being carried over, how long you expect to carry them over (how many fiscal years) and a brief explanation of how you intend to use the funds in the carryover year(s).
- (5) **Other Sources of Funding** - Provide a brief narrative description of other sources of funding such as university, county, non-tax or other sources of additional support (if applicable).

**NOTE:** EFNEP funds are expected to be fully expended in the fiscal year of appropriation; however funds may be carried over for up to four (4) years after the end of the year for which they were appropriated.

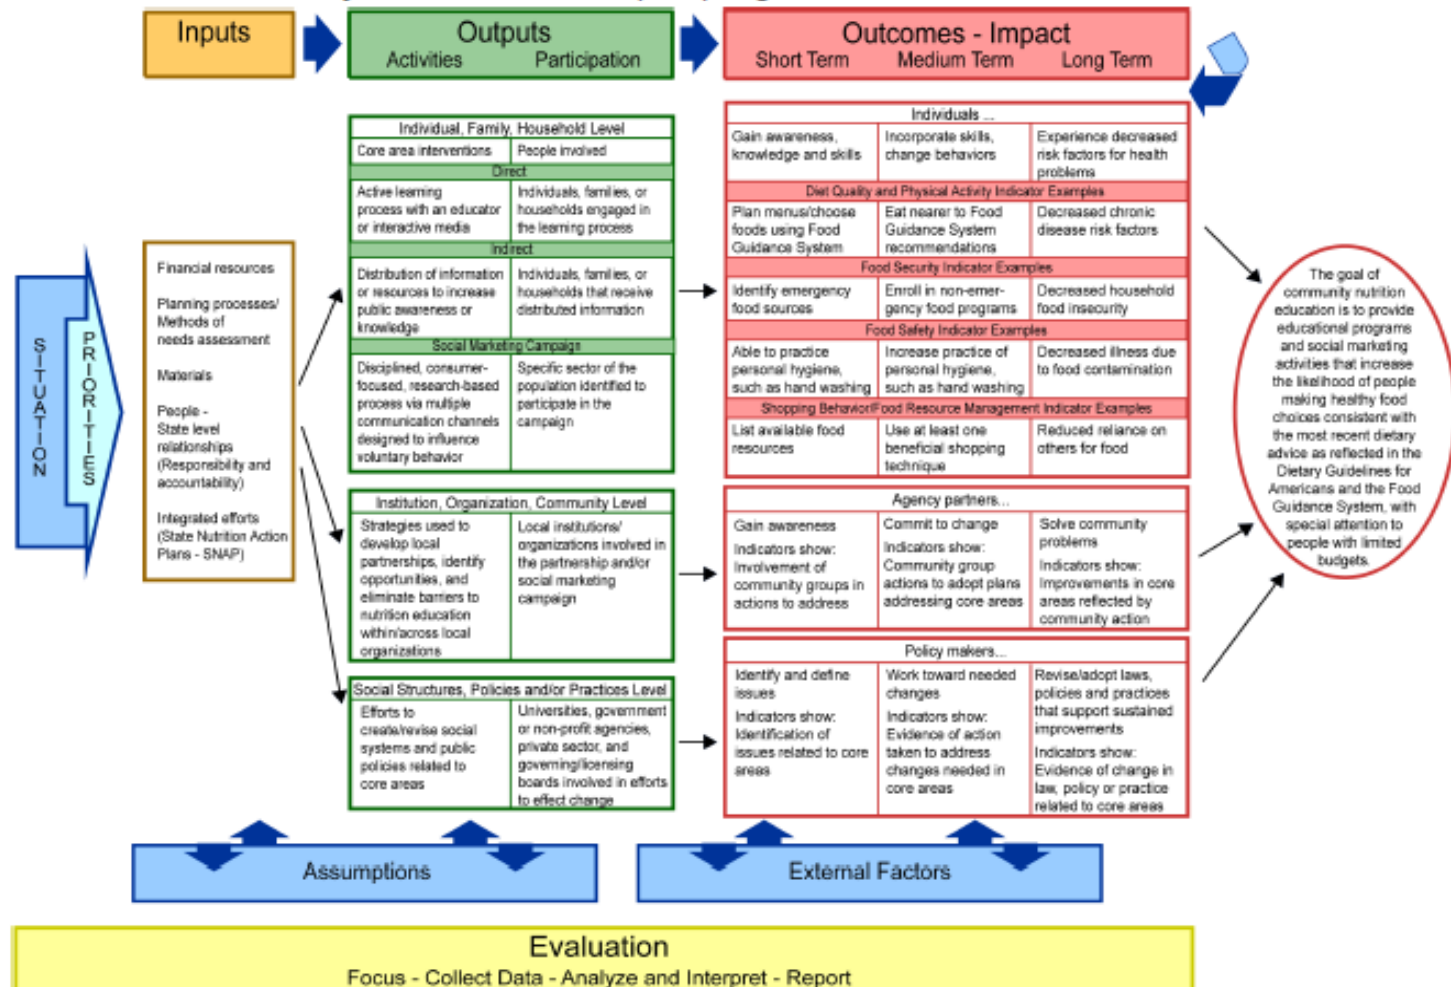

**RE:** The Budget Justification Narrative does not need to be signed. However, the Budget Sheet which is to be submitted at the same time as the Budget Justification Narrative must be

# New Section – CNE Logic Model

- We implemented a new section in the 5-Year Plan to capture work you are doing in support of EFNEP
  - At your institution, with organizations, in communities (Environmental Settings)
  - Through social, policy and practice related changes (Sectors of Influence)

# New Section – Community Nutrition Education (CNE) Logic Model

The Community Nutrition Education (CNE) Logic Model, Version 2 – Overview

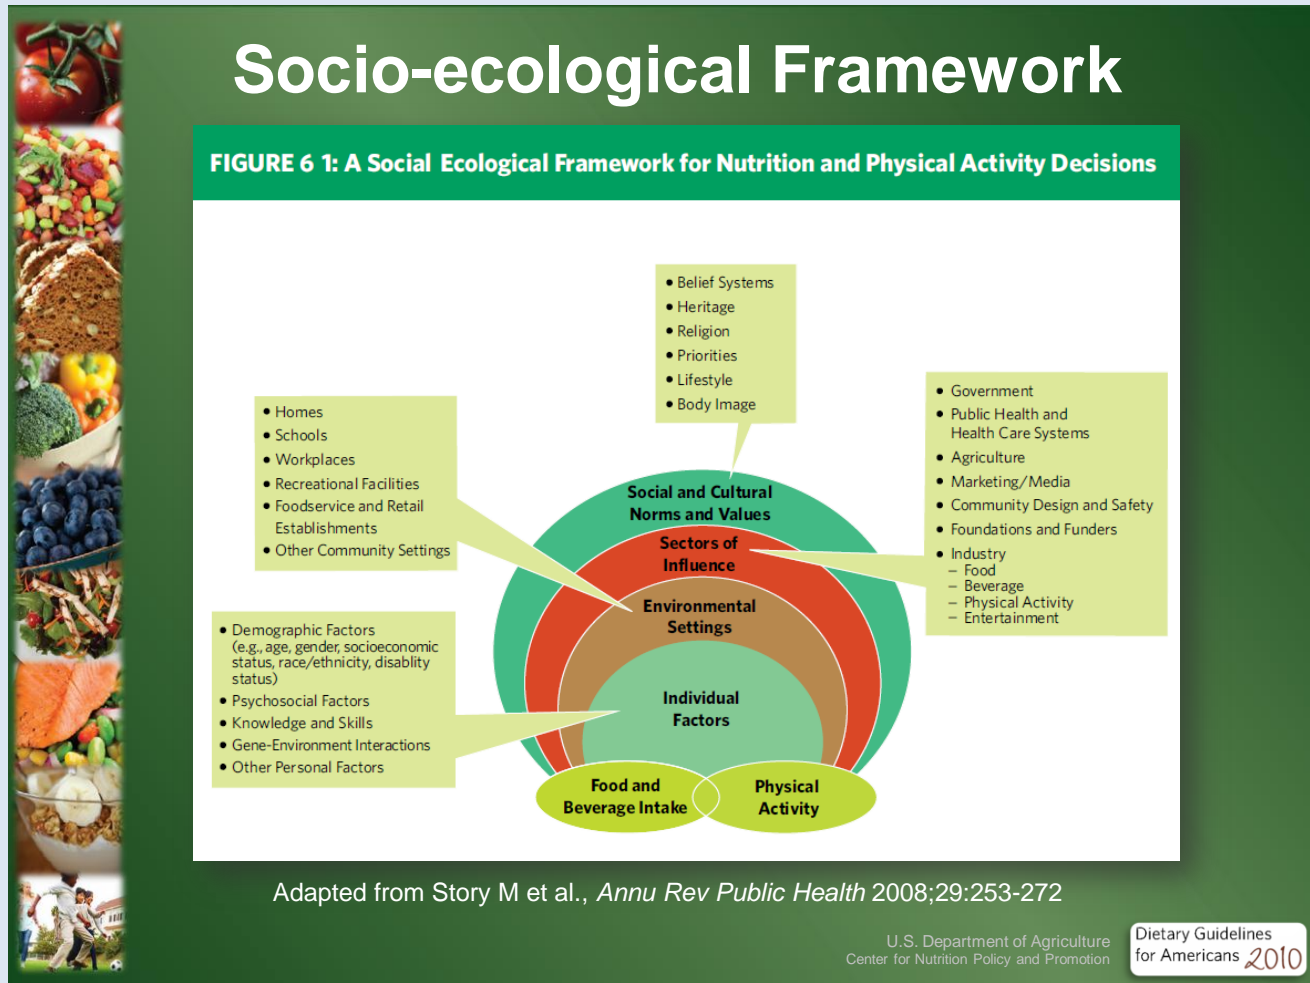

# Questions Raised by University Partners

- How to differentiate
  - Institution/organization/community
  - Social structures/policies and practices
- How to know if EFNEP should be involved
- Who is responsible for action in these “outer spheres of influence”
- What if you have nothing to report

# How to Differentiate Spheres of Influence

- Mapped to 2010 Dietary Guidelines

# How to Know if EFNEP Should be Involved in Cooperative Efforts

*All actions and outcomes should be helpful to the EFNEP audience and should support/further the work of EFNEP, whether explicitly stated, or not*

- EFNEP's role is to appropriately inform and influence
  - Keeping in mind the low-income population
  - Considering what is reasonable and practical
  - Coordinating with EFNEP (aligning efforts)
  - Making EFNEP part of the solution (a structural component)

# Other Questions

- Who is responsible for action in these “outer spheres of influence”
  - **NOT Paraprofessionals**
- What if you have nothing to report
  - **SHOULD NOT submit information to these areas if don't have anything to report**

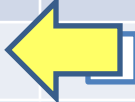

# What Data will we Collect?

**Environmental Settings** Organizations and Communities gain awareness, knowledge, and/or interest (**short-term indicators**)

	DQ	PA	FS	FRM	SEC
Hold discussions to identify challenges and opportunities for low-income populations that can be addressed from a community context.					
Commit to collaborate to address identified needs.					
Conduct needs assessment to determine the extent of concern and potential for resolution					
Form partnerships or coalitions					

# What Data will we Collect?

**Environmental Settings** Organizations and Communities commit to change (medium-term indicators)

	DQ	PA	FS	FRM	SEC
Partnership/Coalition adopts a written plan that contains specific objectives and action steps			<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Implement specific actions.	<input type="checkbox"/>			<input type="checkbox"/>	<input type="checkbox"/>

# What Data will we Collect?

En

C

i

Part

con

Imp

- ☐ Encourage family and community institutions to engage in activities and events that support PA.
- ☐ Create sliding-scale fee structures for community fitness centers/ community sports/PA programs.
- ☐ Organize and implement neighborhood/community walking programs, gardens, etc.
- ☐ Reduce disparities for low-income populations to access and use community sports/PA programs.
- ☐ Change policies, practices, and/or physical environment of organizations and community settings to facilitate increased PA as part of daily routines.
- ☐ Other \_\_\_\_\_

# What Data will we Collect?

**Environmental Settings** Organizations and communities experience improved condition  
(long-term indicators)

	DQ	PA	FS	FRM	SEC
Reduced challenges/increased opportunities.	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

# What Data will we Collect?

- ☐ A family-friendly PA environment exists through the revitalization of existing parks, trails, playgrounds, etc.
- ☐ Opportunities for PA [across income sectors] are prevalent in schools through recesses, in-class instruction, athletic programs, and special events.
- ☐ School wellness policies that support increased PA are followed.
- ☐ Work sites that employ low-income heads of household allow PA breaks and/or incentives for participating in PA at the worksite or independently.
- ☐ Community infrastructure includes safe walking paths, biking trails, and school routes, readily accessible bicycle racks, lighted stairwells, etc.
- ☐ Other \_\_\_\_\_

# What Data will we Collect?

## Environmental Settings

- After you complete the indicators section you will be prompted to enter a qualitative example. This will only happen if you mark an item in the medium or long term.

% SNAP Offices Served	71%
# Agreements and Coalitions	23
Total Dollars	\$118,805

**OBSERVATIONS:**

- Excellent job keeping your cost per participant low while still achieving strong results!
- I noticed the percentage of programming to adults and youth had changed over the past year; the number of adults reached increased by about 10%, the percentage of youth decreased by nearly 12%. Have there been changes to programmaticallly in SC? Is there an increased need for adult programming?
- There are still 26% of adults who are not pregnant, not nursing and do not have children. This is higher than last year and too high in general. Please continue to work on effectively targeting your program.
- Your adult dosage looks good and I think it is reflected in the strong results your program demonstrates. Great job!
- Your checklist data looks great! All of values meet or exceed national averages. I was also glad to see that you were able to document that nearly half of graduates reported increasing their physical activity behaviors. Excellent!
- Your fruit, vegetable and milk change data look really good. Improvements in these areas are in line with the dietary guidelines. Great job!
- The data on cost savings indicates that participants reported spending more food dollars at exit than at entry. You may want to take a closer look at this.
- One of the reasons EFNEP is successful in achieving behavior change is because of the interactive lessons. For this reason we appreciate you keeping youth groups at a manageable size. Thank you!

# How will Data be Used?

To develop National Data Reports:

## FY2010: NIFA - National Data

The Expanded Food and Nutrition Education Program (EFNEP)

### SYSTEM DATA

Funding Amount: \$68,070,000

Reporting Period: 10/1/2009 – 9/30/2010

Number of Units: 913

### ADULT DATA

Total Adults: 137,814

Total Other Family Members: 378,718

Mean # of Months (Graduates): 3.4

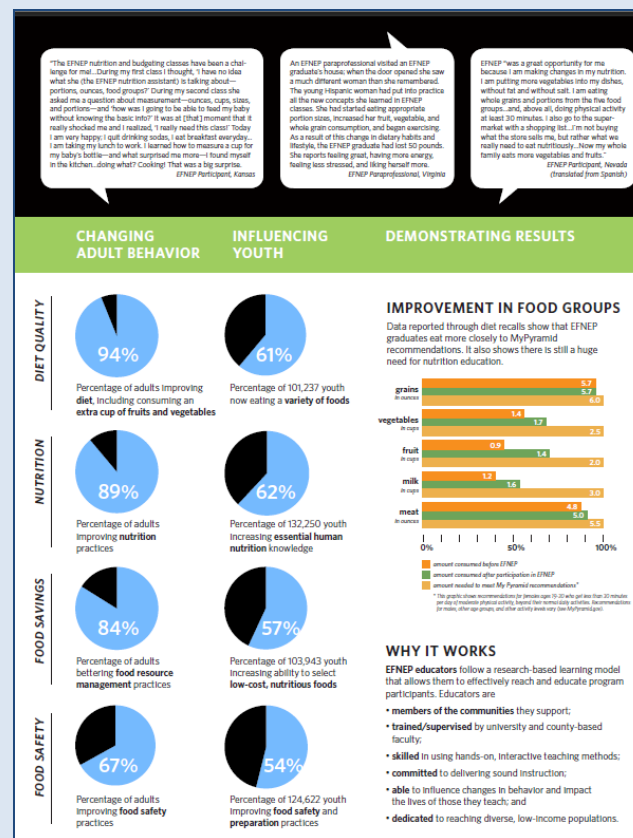

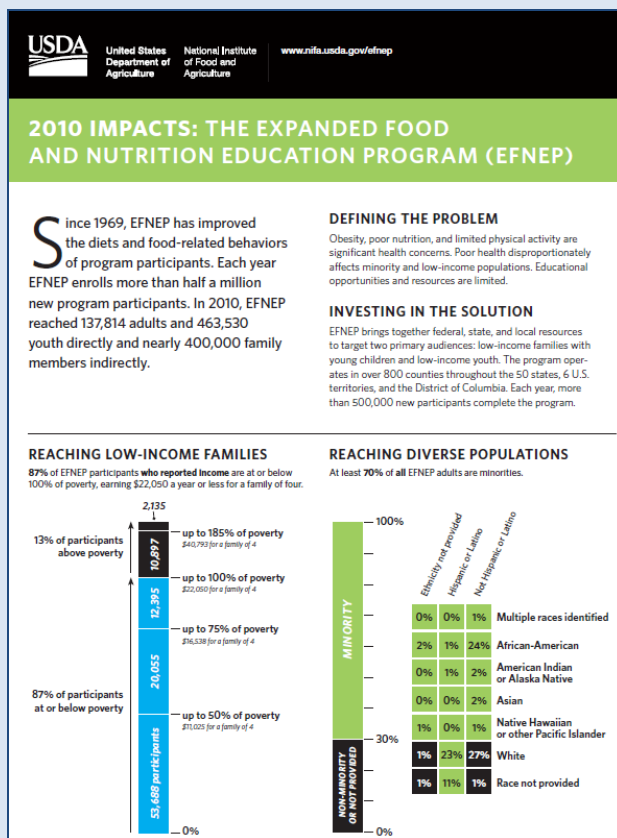

Mean # Lessons (Graduates): 8.4

Mean # Contacts (Graduates): 6.8

Program Status	#	%
Active	24,124	18%
Graduated	90,113	65%
Terminated	23,577	17%
Gender/Maternal	#	%
Male	14,330	10%
Female	123,484	90%
Pregnant	15,017	11%
Nursing	4,357	3%
Not Pregnant, Not Nursing, No Children	14,103	10%
Residence	#	%
Farm	2,121	2%
Towns under 10,000 & rural non-farms	24,053	17%
Towns & cities 10,000 to 50,000 & their suburbs	28,096	20%
Suburbs of cities over 50,000	8,976	7%
Central cities over 50,000	74,568	54%
Poverty	#	%
< or = 50% of poverty	53,688	39.00%
51 – 75% of poverty	20,055	14.60%
76 – 100% of poverty	12,395	9.00%
101 – 185% of poverty	10,897	7.90%
185% or more	2,135	1.50%
Income not provided	38,644	28.00%

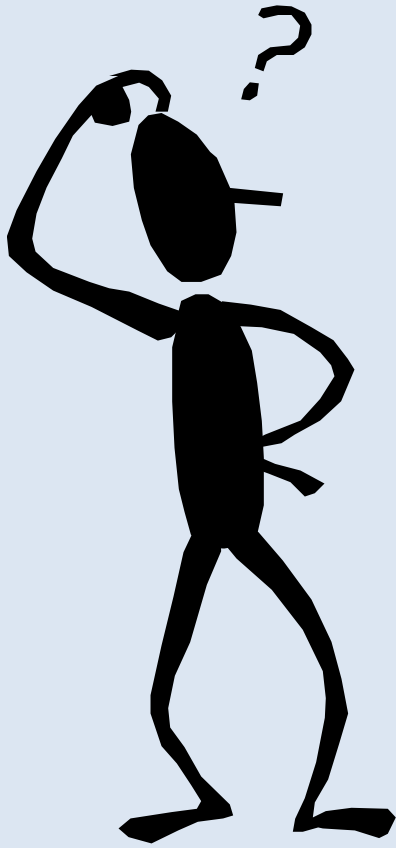

# How will Data be Used?

## And to create National Impact Reports:

# How will Data be Used?

- EFNEP Data will also be able connected to NIFA reporting systems
- It will be publically available
- It will be exportable in raw form (.csv files) for further analysis (*tentative*)

**What is the Status  
of the Project?**

# What is the Status of the Project?

- Clemson and NIFA
  - In-person meetings, video and phone conferencing, email
- Committees
  - Contributed to initial conceptualization
    - Integrated Systems Workgroup
  - Periodically provide input
    - Web-System Workgroup
    - CNE Logic Model Workgroup
  - Currently active
    - Behavior Checklist Committee
    - Youth Evaluation Committee

# What is the Status of the Project?

- System requirements are finalized
- Design and functionality are being alpha tested (data entry screens, reports, features)
- Timeline is set
  - Beta testing this fall
  - Training spring of 2012
  - System roll-out summer of 2012
  - Data collection begins FY2013 (fall of 2012)

# What is the Status of the Project?

- Future Goals
  - Update system periodically
  - Revisit/revise system every five years
  - Create plan to secure funding in support of ongoing expenses to the system

# Reporting System Sustainability

- What has changed and what is needed
  - NIFA's commitment
  - Data access
  - Sustainability costs
  - Planned upgrades
- Options explored
- Solution

# Partner Interface Standing Committee (New)

- Purpose
  - Anticipate and monitor program developments
  - Work together proactively to prevent/resolve emerging issues
  - Strengthen programming
  - Increase visibility and support
  - Serve as voice to and from regions
- Staggered rotations

# Standing Committee

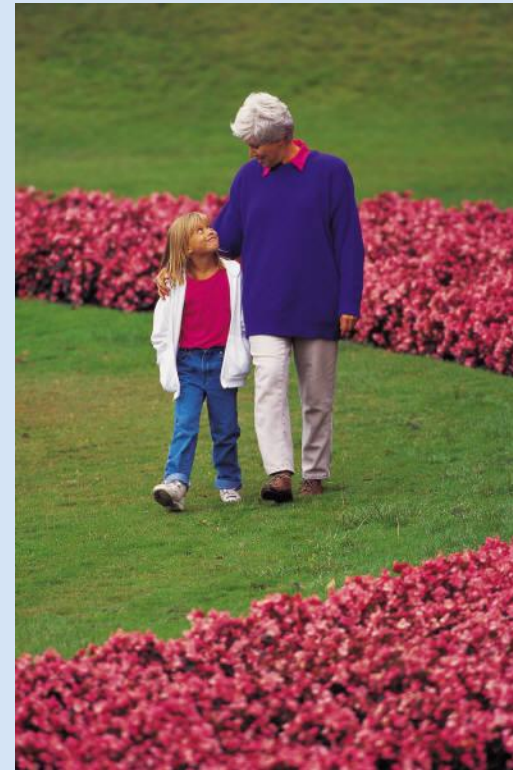

- Selection by invitation, based on recommendations, needs, current composition, etc.
- Timeline – Initiate by January 2012?
- Doesn't replace other committees and workgroups
- Request – university input on selection criteria

# Planning for the Future

- EFNEP Studies Database  
(pending)
- 50 Year History - 2019

National Institute of Food and Agriculture  
[www.nifa.usda.gov](http://www.nifa.usda.gov)

# **Supplemental Nutrition Assistance Program – Education (SNAP-Ed)**

## ***Through the Land-Grant University System***

# SNAP-Ed Overview

- FNS/USDA Regulations and Activities Update
- LGU SNAP-Ed Report
- SNAP-Ed Office & LGU-SNAP-Ed Leadership and Regional Representation
- Selected Accomplishments
- Current Priorities and Projects
- Status of SNAP-Ed Assessment
- Leadership Changes

# Regulations & Activities Update FNS/USDA

- Healthy Hunger-Free Kids Act Regulations
  - Check for Interim Rule in Federal Register, January 2012
  - Opportunity to provide comments
  - To serve as basis for development of 2013 SNAP-Ed Guidance
- Final rule to be published once comments have been reviewed

# Regulations & Activities Update FNS/USDA

- FY 2012 Plans
  - Budgets may be higher than originally anticipated
  - Regions vary in how handling corrected budget submissions
- FY 2010 EARS Report
  - Analysis underway
  - Results to be presented in October 2011

# 2010 National Report of SNAP-Ed through LGU System

- Baseline for past and future comparisons (the last year prior to the new legislation – universities at their peak in terms of size and scope of programs)
- Aggressive timeline
- Goal: have report for universities to use when new Guidance is issued (Spring 2012)

# 2010 National Report of SNAP-Ed through LGU System

- Contract with Mississippi State University
  - Initial request: ask universities for data already submitted to FNS
    - Due date 15 September 2011
    - 43 institutions have responded (100% from Western and North Central Regions); 12 institutions have not yet responded
    - **Would like 100% response rate, given the importance of this data in representing the LGU/CES System**
  - Second request: will develop a questionnaire to collect remaining information for comparison with two previous LGU/CES SNAP-Ed Reports (2002 and 2005)

# Mission of the Land-Grant SNAP-Ed Office

- Support SNAP-Ed in the LGU system
- Facilitate communications
- Strengthen program, research and evaluation interface
- Support staff and program development and training

# What is the Purpose of the Land-Grant SNAP-Ed Office

- Office Manager serves as a resource for Program Coordinators, FCS Leaders, and Directors/Administrators
  - Provides support services for the LGU system
  - Develops reports
  - Maintains listservs
  - Monitors SNAP-Ed approval status
  - Facilitates data collection, analysis and completion of national reports

# What is the Purpose of the Land-Grant SNAP-Ed Office

- Office Manager serves as a resource for Program Coordinators, FCS Leaders, and Directors/Administrators, continued
  - Queries the system
  - Facilitates contracts
  - Organizes meetings and teleconferences
  - Supports the work of committees

# SNAP-Ed Office Leadership Team

## Host Institution

- Chunyang (C.Y.) Wang, South Dakota State University, Associate Dean of Research and Extension; Associate Director of Ag. Experiment Station

## Host Institution

- Sandra Jensen, National Land-Grant University SNAP-Ed Office Manager (at South Dakota State University)

## FCS Leadership (rotating position)

- Shirley Hastings, University of Tennessee, Associate Dean of Extension

## NIFA Leadership

- Helen Chipman, National Program Leader, Food and Nutrition Education

# What is the SNAP-Ed Program Development Team (PDT)

- Representatives from each region
- Includes FCS Leaders/Administrators and State Coordinators
- Annual meeting
- Quarterly conference calls

# What is the Purpose of the PDT

- Serve as a sounding board
- Establish a communication link
- Grow leadership and system capacity
- Strengthen administrative and coordinator integration
- Support use of resources

# SNAP-Ed Program Development Team

## North Central Region

- Laurie Boyce, University of Wisconsin, FCS Leader
- Suzanne Stluka, South Dakota State University, Coordinator
- Ana Claudia Zubieta, Ohio State University, Coordinator

## Northeast Region

- Kathleen Morgan, Rutgers University (NJ), FCS Leader
- Lisa Lachenmayr, University of Maryland, Coordinator
- Wanda Lincoln, University of Maine, Coordinator

# SNAP-Ed Program Development Team

## Southern Region

- Elizabeth Buckner, University of Kentucky, Coordinator
- Ellen Clevenger-Firley, North Carolina State University, Coordinator
- Leslie Speller-Henderson, Tennessee State University, Coordinator, **1890 Institutions**

## Western Region

- Louise Parker, Washington State University, FCS Leader
- David Ginsburg, University of California Davis, Coordinator, **ASNNA**
- Heidi LeBlanc, Utah State University, Coordinator

# Selected Past Accomplishments

- National reports
- Conference and meeting proceedings
- Professional and staff development
- Evaluation seed grants
- Ongoing Communication regarding Healthy, Hunger-Free Kids Act of 2010

# Selected Past Accomplishments

- Best Practices Webinars
- Creation of Web Communication System for FCS administrators, SNAP-Ed Coordinators and others
- Mentoring of New SNAP-Ed Coordinators
- FY 2002 and 2005 FSNE National Reports
- CNE Logic Model Development

# SNAP-Ed PDT Subcommittees

- Communication Subcommittee
  - eXtension website for administrators (Extension Directors/Administrators, FCS Leaders, SNAP-Ed Coordinators)
    - Goal: application to be approved by January 2012
  - Builds upon results of FCS Survey (2008) and Environmental Scan (2009)
  - Will not duplicate FNS' Nutrition Connection website

# SNAP-Ed PDT Subcommittees

- Legislation and Advocacy Subcommittee
  - Upcoming survey – watch for it!
    - To include questions about anticipated changes (RFAs, state agencies, others doing nutrition education, etc.)
  - Anticipate and track legislation and potential implications for universities
- Procedures and Expectations Subcommittee
  - Drafting a document that clarifies how SNAP-Ed functions as a system in the LGUs

# SNAP-Ed PDT Subcommittees

- Training and Mentoring Subcommittee
  - Next training webinar has been scheduled
    - Topic: Relationship with State Agencies
    - 17 November 2011; 2:00pm ET
  - Mentoring new staff (ongoing)

# Support for New Program Coordinators

- Resource list
- Orientation manual
- Mentoring handbook
- Personal contact by PDT
- Directed to website and resources
- Given list of names and contact information
- Offered mentoring

# LGU/CES SNAP-Ed Assessment

- ECOP approved \$150,000 for each of the next 2 years
  - Calendar years 2012 and 2013
- Subsequently ECOP asked if we could find savings for 2012
- Resubmitted budget for \$140,000 for 2012
  - Reduced through deferred and shared costs
- Has been sent to Extension Directors/Administrators

# FCS Leader Representation

- Selection by invitation
  - Based on recommendations, needs, current composition, etc.
- Seeking input on criteria for FCS Leader to serve on the leadership team
- Seeking input on criteria for FCS leaders who represent their respective regions

National Institute of Food and Agriculture  
[www.nifa.usda.gov](http://www.nifa.usda.gov)

# Other Extension Nutrition Programs

# Other Extension Nutrition Programs

## Programmatic Interface With NIFA

- Planning, Accountability, and Reporting
  - Outcome/Indicators Project – Hatch, Smith Lever 3(b and c), Evans-Allen and 1890 Extension funds
- Nutrition and Health Planning and Guidance Committee
  - Jane Clary, NPL, Division of Nutrition
  - Cindy Reeves, NPL, Division of Family & Consumer Sciences
- AFRI and other grants
  - NPLs: Susan Welsh, Etta Saltos, Elizabeth Tuckermanty
  - Division Directors: Dionne Toombs (interim), Carolyn Crocoll

# Other Extension Nutrition Programs

## Programmatic Interface With NIFA and Others

- FNS Food Assistance Programs
- National Collaborative on Childhood Obesity Research (NCCOR) (CDC, NIH, FDA, DHHS, USDA, Foundations, Others)
- Let's Move, etc.

**THANKS TO ALL WHO MAKE  
NUTRITION EDUCATION WHAT IT IS!**

# FCS Leader Support Requested NOW

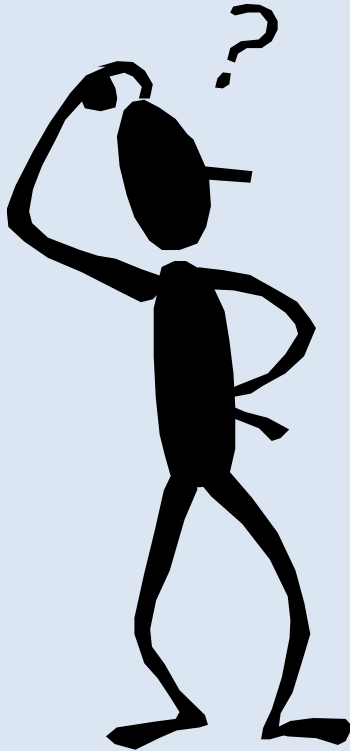

- Share thoughts on criteria for SNAP-Ed PDT membership and Leadership Team member
- Encourage submission of data for 2010 SNAP-Ed Report
  - Initial request: Northeast and Southern Regions
- Encourage payment of SNAP-Ed Assessment
  - \$91.61 per \$100,000
- Work within states to educate and communicate strength of LGU nutrition programs

# FCS Leader Support Requested SOON

- Verbalize support for new web-based reporting system
- Encourage completion of legislation & advocacy survey
- Encourage submission of data for 2010 SNAP-Ed Report
  - Follow-up survey from Mississippi State University
- Share thoughts on criteria for EFNEP Standing Committee membership
- Encourage participation in State Agency relationship webinar: 17 November 2011

# Comments and Questions
